

CODY CARR'S HUNTING ADVENTURES, L.L.C.

www.HuntWithCody.com

Hello from Montana! First, I want to thank all of the clients, for without you we would not be able to do what we love. I also want to thank all of the guides for their hard work scouting and time spent away from their families to ensure a great season. We had a great 2014 bear season, we harvested some big color phase black bears. Think of a spring bear hunt for your next hunting trip. After bear season our daughter Jocelyn came down with GBS syndrome and we spent the next 4 months fighting for her life. Jocelyn was not able to move from the neck down and was placed on a breathing machine. She is a lot better now working in therapy 5 days a week. Life can change in an instance so hold on to family. We want to thank the guides and employees for running the business flawlessly while we were gone. We would also like to thank all of the clients who helped during this time as well. During the archery season we harvested the most bulls we ever have and took down some giants. The biggest being a 378 gross bull, then a 354 and a lot of bulls between the 300 to 330 class. When you go out with a bow and arrow and you have bulls right in your face, what a rush! During the rifle season weather did not cooperate for us. We did harvest some great bulls and bucks during this time. We had the privilege of guiding the super tag for moose and he harvested a giant shiras bull. Once again we were able to be 100% on our mountain lions during the 2014 season harvesting some huge B&C lions. Please remember to apply for special moose, mountain goat, sheep and lion permits. We work equally hard during the hunts and in the off-season to ensure the quality of your trip. Please contact us as soon a possible to book your hunt as we are filling up fast. Also remember your hunt is not booked until we receive your deposit. Thank you for choosing us!
